

## CAREER OPPORTUNITY- INTERNAL AND EXTERNAL

**OPENING DATE: 07 MAY 2026**

<b>POSITION:</b>	<b>Millwright Cementation</b>
<b>CONTRACT:</b>	<b>Permanent</b>
<b>EE POSITION:</b>	<b>Yes</b>
<b>GRADING:</b>	<b>C4 (SALARIED)</b>
<b>SITE/ LOCATION:</b>	<b>BLOCKRITE</b>
<b>REPORTING TO:</b>	<b>REGIONAL PRODUCTION MANAGER</b>

### Purpose of this position

As the appointed Millwright , the incumbent will focus on the installation, maintenance, and repair of machinery specific to the BlockRite production plant. The incumbent will perform surface maintenance, specializing in hydraulic/pneumatic systems, conveyors, boiler, steam pipes, PLC's and all electrical maintenance and repairs.

### Job Competencies / Key Performance Areas

- Installation & Setup: Assembling, aligning, and installing industrial machinery such as conveyors, screw conveyors at the cementation or aggregate facilities.
- Preventative Maintenance (PM): Executing daily, weekly, and monthly PM tasks to minimize downtime, including lubrication, tensioning belts/chains, and conducting vibration/temperature checks.
- Repairs & Troubleshooting: Diagnosing, overhauling, and repairing broken components (bearings, seals, gearboxes, motors, pumps).
- Welding & Fabrication: Performing high-quality welding and fabricating metal parts for repair or construction using tools such as lathes and grinders.
- Safety Adherence: Following OSHA, lockout/tagout (LOTO), and company safety protocols.
- Will be required to manage the workshop and all key personal.
- Ordering of spares to do maintenance.
- Maintenance budget.

### Requirements for Millwright Cementation - Blockrite

- **Qualifications and Experience**
  - Trade Certification: Qualified Red Seal Millwright or equivalent certification is mandatory.
  - Experience: 5 – 10 + years of experience in manufacturing, or aggregate / cementitious facilities.
  - Technical Knowledge: Strong understanding of hydraulics, pneumatics, and PLC control systems.

- Blueprint Reading: Ability to read and interpret mechanical drawings, schematics, and P&ID diagrams.
- Physical Demands: Ability to lift 50+ lbs, work at heights, and operate in confined spaces.
- Code 8 drivers licence.
  
- **Specific Skills for Cementation**
  - Equipment Familiarity: Hands-on experience with boilers & pumps.
  - Technical Proficiency: Ability to work on hydraulic and pneumatic components.
  - Adaptability: Experience working in dusty and noisy environments.

**Working Conditions**

- Environment: Surface plant work.
- Hours: Involves 8-hour shifts working day. On-call participation, and overtime when required.

---
